

THREE TRAINLOADS OF SETTLERS LEAVE FOR ALBERTA ON APRIL 4

Provincial Publicity Department to Start Excursions From Montreal, Toronto and Great Falls, Mont. on That Date

Three settlers excursions, running from three different points in the east and south, all bringing large parties of settlers to the province, will be headed for Alberta on April 4. The first of them will come through to Edmonton.

The three excursions are leaving Montreal, Toronto, and Great Falls, Montana, simultaneously. The excursion trains from Montreal and Toronto will come through to Edmonton, the excursion from Montana coming in from the south end of the province, and distributing settlers all the way up through Lethbridge and Calgary.

The above information was imparted to the Capital this morning by Chief Commissioner Hollicks, of the provincial government. Arrangements for the excursions have practically been completed by Mr. Hollicks, and his publicity commissioners located at the various points from where the excursions will run.

This is the largest undertaking yet accomplished by the provincial publicity department in heading excursions from the east for Alberta.

The excursion from Montreal will bring the advance guard of 3,000 settlers that have been gathered up during the winter months by Commissioner Mallette, and who will be sent out to Edmonton on several excursions that will come within the next few months.

The excursion from Toronto is being organized by Colin R. McCutcheon, commissioner at that point, and will include some of the best farmers of Ontario, farmers that are well-to-do and ready to go on the land.

The excursion from Montana will bring wealthy farmers from points in that state, chiefly from the district of Great Falls. The settlers coming on this excursion have been preparing to come to Alberta for some months.

Just how many settlers the three excursions will bring to the province has not yet been ascertained by Chief Publicity Commissioner Hollicks, but he will purchase tickets for the excursion. It is expected that several hundred will come.

COURT HOUSE IN NEED OF REPAIRS

Provincial Public Works Department Will Take Up Question With Owners of Structures.

Immediate steps are to be taken by the department of public works looking to the renovation of the court house building. The walls of the supreme court are in the most deplorable condition, and this morning the court ordered the attention of the city building inspector to the condition of the court house.

All along the north side of the supreme court is a large crack, which has been widening for some days past, and this morning the court took advantage of the presence of the Building Inspector at the court, in connection with the Gallagher case, to draw his attention to the state into which the premises have fallen. The partition which divides the supreme court from the justices' room partially collapsed. Plaster has fallen from the walls and ceiling, and over the top of the justices' entrance to the court, the ceiling has been blown away, and the light fixtures through immovable openings.

Almost a month has now elapsed since the condition of the building was brought to the attention of the administrators of the Saskatchewan, the proprietors of the property, by the building inspector. Since then nothing has been done to repair the walls or roof, and Inspector Drabbe accordingly brought the matter to the attention of Chief Justice Harvey, who reported it to John Stocks, deputy minister of public works, who will take the question up with the owners.

ROOSEVELT HEADING WEST

El Paso, Texas, March 15.—Col. Theodore Roosevelt spent two busy hours in El Paso this morning, and in the city from 10 A.M. to half-past seven and departing at 9:45 for Albuquerque. Many Mexicans from the city and International border joined in the enthusiastic demonstration in honor of the famous President of the United States.

His departure was a great disappointment to the city.

TAP LINE ARGUMENTS POSTPONED

Washington, D.C., March 15.—The Bridgeport Manufacturers' Association has concluded elaborate arrangements for its annual banquet to be given tomorrow night. The guests of honor and principal speakers will be Major General Leonard Wood, former commander of the United States Army, and Charles T. Littlefield, president of the board of directors of New York City.

Hon. G. B. Mitchell, Attorney-General and Minister of Education, returned from his trip to the United States this morning.

ASK HELP OF PROVINCE TO FIGHT FREIGHT RATE CASE

RAILWAYS APPEAL AGAINST ORDER OF RAILWAY COMMISSION AND BOARD OF TRADE ASKS ATTORNEY-GENERAL TO TAKE UP FIGHT

The Edmonton board of trade will ask the attorney-general to take up the case to assist them in fighting, in the supreme court of Canada, the appeal of the railway companies against the order of the railway commission, lowering freight through rates from the Great Lakes to western points.

This is an appeal which affects the Edmonton board of trade particularly. It was due chiefly to their spirited presentation of the case, and the board of railway commissioners issued the freight rates in question from freight from the Great Lakes to western points. The railway companies have filed their appeal. The Saskatchewan government has taken up the fight on behalf of the province. The president of the board of trade is to appoint a committee to appeal to the attorney-general in this matter.

The reduction in the rates means at least \$100,000 loss to the province, the companies carrying freight into the province.

BOULDER HITS TRAIN

Vancouver, March 15.—A boulder falling down the mountain side yesterday struck a work train near Celso. Three workmen, foremen, were hurt and three men were thrown against a car and his back broken. He is still living. The damage to rolling stock was small.

WETASKIWIN INVENTOR IS DEMONSTRATING HIS PATENT

CALL, THE HERCULES ENGINE MAN, IS IN THE CITY TODAY SHOWING EDMONTONIANS HOW THE NEW ENGINE WORKS

The Hercules rotary engine, the invention of a Wetaskiwin man which is creating so much speculation and interest in the world of steam and engineering, is on exhibition in Edmonton today. H. I. Call, the inventor, is introducing the engine to Edmonton mechanical men at the office of McManis, 114 Jasper West.

The model which is on exhibition is not the first one that he has made. The first one was a model of the kind that starts the world on a new track. In size, the model is not much larger than could be conveniently carried away in a wheelbarrow, but in power it is said that it will develop at least 10 horse power, although the inventor does not claim more than 23 horse power. The model, although a very neat affair, is by no means a parlor production. It has been in constant use for more than a year and on one occasion was hit by a car. The Wetaskiwin light plant where it handled a 75 kilowatt generator with perfect ease and produced the light which lit Wetaskiwin.

McLEOD SETTLERS WANT WAGON ROAD

Will Apply to the Provincial Government for Assistance—An Excellent Ranching Country.

Settlers in the McLeod River country, south of the Grand Trunk Pacific, are after a wagon road which will give them access from their farms to the railway.

Mr. Hush, one of the pioneers of that district, is in the city today, a guest at the Castle. He and his brother have been ranching in the McLeod River country for a good many years. The two brothers themselves built 50 miles of wagon road of their own expense. Now the settlers of that country are banding together in an effort to secure more roads to their farms. They will ask assistance of the provincial government.

"The country west of the McLeod along the Grand Trunk Pacific is the best ranching country in my opinion, in the province," said Mr. Hush to the Capital this morning. "I have been ranching there some years, and my stock has always been in perfect condition."

PLANS FOR THE ECUMENICAL CONFERENCE

Toronto, Ont., March 15.—Though the great Ecumenical Methodist Conference to be held in Toronto next fall is still six months distant, the local arrangements for the reception and entertainment of the visitors are already well advanced. The committee, which include about 700 members of the world's most prominent Methodists, are the Rev. J. H. Bryson, Australia, New Zealand, India, South Africa, Canada and the United States.

PREMIER SIFTON GIVES NO SATISFACTION TO BOARD

TO REPEATED APPEALS OF EDMONTON BOARD OF TRADE FOR RAILWAY DEVELOPMENT TO THE NORTHEAST, HE GIVES A COLD REPLY.

Having heard yesterday at the regular meeting of the Edmonton board of trade, Premier Sifton's final answer to that organization's appeal for railway development for the lower Alberta country, members of the board were disappointed. The board is in the dark as to the premier's attitude on that very important question.

The board of trade have exhausted every possible means of emphatically drawing to the premier's attention the importance of railway development in the Alberta country, with Edmonton as a base. The premier has still failed to give any satisfactory assurance that some active measures will be taken by his government to ensure the construction of a railway to the northeast.

When the premier announced his policy in the legislature, to abandon the construction of the Alberta and Great Waterways railway, and to devote the money raised for that line to the widening out of the provincial debt, the Edmonton board of trade was one of the first organizations to protest against abandonment of the railway development for the Alberta country.

A strong resolution was passed unanimously by the board along these lines. This resolution was presented to the premier by a strong delegation from the board, with whom he discussed the railway situation.

Following up this delegation, the board, the members somewhat by surprise, is putting it rather mildly. But the members of the board, who are at a loss to know just what Premier Sifton means by saying that his government has always given the fullest consideration to the development of the Alberta country.

That is all. But with the Canadian railway history hastening construction of a line into the Alberta country from the east, which will rob Edmonton of the trade that rightly belongs to it, and with no action yet taken by the provincial government, to ensure the construction of a road from Edmonton, members of the board of trade are at a loss to know just what Premier Sifton means by saying that his government has always given the fullest consideration to the development of the Alberta country.

(Continued on Page Four.)

LOUIS SWIFT SECURES CLEAR TITLE TO PROPERTY LOCATED IN CENTRE OF JASPER PARK

LET SUB-CONTRACT FOR G.T.P. BRANCH

Biggs and Clement, of Edmonton Will Build 50-Question Mile of Biggar Line.

A sub-contract for 35 miles of the 50-mile contract held by Phelin and Shirley on the G. T. P. branch out of Biggar, has been awarded to Messrs. Biggs and Clement, of Edmonton.

Mr. Biggs returned yesterday from looking over the work. Phelin and Shirley held a contract for 50 miles of the branch, and will build that much this year. The line runs southwest from Biggar and will connect with the Tidford branch of the G. T. P. branch towards Calgary.

Outfits will be put on the work as early next month as possible. The sub for the remaining 15 miles has also been awarded by Phelin and Shirley to a contractor in Saskatchewan.

LOUIS SWIFT SECURES CLEAR TITLE

Des Moines, Ia., March 15.—In response to the call of Grand Master James of Cedar Rapids, members of the Iowa Grand Lodge of I. O. O. F., assembled in special session here today to vote on the question of increasing the appropriation for the building of a home to be built at Mason City.

Swift has been the winner in the fight. The department of the interior, after using nearly every means in their power to secure the land, has finally capitulated and given Swift a clear title to his quarter.

The Grand Trunk Pacific railway intersects the quarter section. Swift is now engaged in settling up with the railway company for the right-of-way. Since his purchase of the land by his right of title. George H. Pope, townsite agent of the railway company, is in the city, and will probably move a settlement with Swift within the next few days.

At all of this, in a crisis worded letter read yesterday, Premier Sifton said that he was not in a position to clear up the matter. He said that he was not in a position to clear up the matter. He said that he was not in a position to clear up the matter.

That is all. But with the Canadian railway history hastening construction of a line into the Alberta country from the east, which will rob Edmonton of the trade that rightly belongs to it, and with no action yet taken by the provincial government, to ensure the construction of a road from Edmonton, members of the board of trade are at a loss to know just what Premier Sifton means by saying that his government has always given the fullest consideration to the development of the Alberta country.

To say that Premier Sifton's letter, read yesterday, was anything but a disappointment to the board, the members somewhat by surprise, is putting it rather mildly. But the members of the board, who are at a loss to know just what Premier Sifton means by saying that his government has always given the fullest consideration to the development of the Alberta country.

(Continued on Page Four.)

Has Been Fighting Government and Railway Company for His Rights for the Past Year

LOCATED ON HIS CLAIM EIGHTEEN YEARS AGO

Is Now Negotiating with Grand Trunk Pacific Officials Regarding Right of Way for Transcontinental Through His Property—Claim Will be Very Valuable

Louis Swift, the Jasper park squatter, has been given a clear title to his claim of a quarter section in the very heart of the new park on the Grand Trunk Pacific in the Yellowhead.

For 18 years Swift has held down this quarter section in the wilds of the Yellowhead. For over a year he has been fighting the department of the interior and the Grand Trunk Pacific railway for what he claims to be his rights to the land.

Swift has been the winner in the fight. The department of the interior, after using nearly every means in their power to secure the land, has finally capitulated and given Swift a clear title to his quarter.

The Grand Trunk Pacific railway intersects the quarter section. Swift is now engaged in settling up with the railway company for the right-of-way. Since his purchase of the land by his right of title. George H. Pope, townsite agent of the railway company, is in the city, and will probably move a settlement with Swift within the next few days.

At all of this, in a crisis worded letter read yesterday, Premier Sifton said that he was not in a position to clear up the matter. He said that he was not in a position to clear up the matter. He said that he was not in a position to clear up the matter.

CIVIC POWER PROBLEM MAY BE SETTLED NEXT MONDAY

COUNCIL WILL HOLD A SPECIAL MEETING TO DECIDE WHETHER CITY SHOULD INSTALL A HYDRO-ELECTRIC PLANT AT GRAND RAPIDS

Ald. Hyndman was present at the council meeting last evening, but did not carry out his intention, as stated through the press, of moving for an amendment to the city charter to prevent parties who may have business relations with the city, from holding office as members of the council.

The council meeting was one of the shortest regular sessions on record. At twenty minutes past nine the council adjourned, to meet again in special session on Monday next, for consideration of the contract submitted by the department of the interior regarding the terms upon which power rights on the Athabasca river may be acquired by the municipality.

"It seems to me the Dominion Government wants to freeze us out," said Ald. Hyndman's comment on the draft contract submitted by the department of the interior in respect to the development by the city of the water power on the Athabasca river. The letter from the department will be considered at a special meeting of the council.

Bishop, Grant & Delvaux wrote the city in connection with this matter. The letter stated that the clients of their firm were prepared to install a water power plant at Grand Rapids on the Athabasca river, and to supply the city with electricity. The letter also stated that they were prepared to submit a detailed statement before the end of the week, dealing with amounts and prices.

The meeting was so short that it was not possible to draw this matter to the attention of the council before they made a decision. The council will meet again on Monday next, for consideration of the contract submitted by the department of the interior regarding the terms upon which power rights on the Athabasca river may be acquired by the municipality.

Ald. Hyndman protested that "the council were not going to pay the bill for the city. He said that he was not in a position to clear up the matter. He said that he was not in a position to clear up the matter. He said that he was not in a position to clear up the matter."

(Continued on Page Four.)

COURT FAILS TO REACH VERDICT IN GALLAGHER INJUNCTION

Other Cases Taking Precedence Not Yet Disposed of Occupy Time of Court This Afternoon—Gallagher Case Tomorrow

Disappointment fell to the lot of the large numbers of citizens who gathered in the supreme court this morning, expecting to witness the legal battle which is to decide whether A. V. Bouillon has been a commissioner of the city of Edmonton since the resolution calling for his dismissal was carried by a two-thirds majority of the council, and whether, if he is still a commissioner, the city council has the right to discharge him from his office.

Owing to the fact that the court had not disposed of two other cases which took precedence on the list, of the case of Gallagher vs. the city of Edmonton, it became known this morning that the trial of the action against the city could not take place this morning. The action of Fermanick, which opened shortly before noon, will probably take up the whole of the day, and part of tomorrow morning, when the application for permanent injunction against the council will be heard.

TWO FIRES THIS MORNING.

The Alberta Broom Works, a thriving new industry on Second street, suffered loss by fire early this morning. The call was sent in from box 32 and Nos. 1 and 2 stations responded. The loss chiefly consisted of the building, which is a two-story frame one. The loss to stock was light.

Another call was sent into No. 1 station at 9 o'clock this morning, from the residence of Mrs. Wm. Boyle, 759 Sixth Street, where a defective chimney had caused a blaze.

DIES FROM BURNS.

Onid Pulled Lamp From Table, Which, Exploding, Set Fire to the House.

Hamilton, Ont., March 15.—Gordon Milne, the two-year-old boy who was tragically burned at his parents' home, when he pulled a lamp off the table, causing it to explode, died at the hospital this morning. Mrs. Hay who rescued the child in a sensational manner, is being carried out in a hearse to the cemetery, where a funeral will be held.

"RATS" MAY BRING THE PLAGUE TO CANADA

Toronto, March 15.—Because the Chinese plague may reach Canada, and possibly Toronto, owing to the medical board for false hair, the city's medical health officer is having his men make diligent inquiry today to determine the extent to which the trade in false hair is being carried on in Canada, and find out if any comes from the stricken districts. He admits there is danger of the spread of the plague.

CANADIAN PACIFIC
AWARDS CONTRACTSNew Work on Main Line and Branches
in the West Given
Out.

Winnipeg, March 15.—The C.P.R. construction department yesterday awarded contracts for grading, concrete, culvert and bridging on new branch lines and second track on main line for 344 miles of work in the west as follows:

To Foley, Welch and Stewart, two lines out of Swift Current, 80 miles, one line out of Moose Jaw, 35 miles, one line east from Lacombe, 60 miles.

To W. A. Dutton, three branches out of Wilkie, 82 miles.

To Janes, Macdonald and company, two lines in British Columbia, 54 miles.

To J. G. Hargrave, second track from Moose Jaw west, 23 miles, east from Moose Jaw, 10 miles.

For the past few days a number of well-known contractors have been in the city awaiting the annual letting of the contracts of the Canadian Pacific Railway. Most of these were let to the successful tenders yesterday.

Those by whom the work will be done are indicated above. J. W. Stewart has been in the city for several days and on Monday placed in the hands of the engineers the offer of his firm, M. Janes, the well known Calgary contractor, was also in the city looking after the interests of his associates and left for the south last night as soon as he had been advised that a portion of the work had been assigned to him.

In all, the Canadian Pacific had invited tenders on the building of 830 miles of new grade, and for the construction of a considerable amount of second track. The engineers of the company completed their consideration of most of the tenders yesterday, but there were several to which further consideration will be given to-day. Among these latter are the building of the line from Estevan to Forward, 35 miles, the line from Weyburn westward, a distance of 20 miles from the present terminus, and the line from Carmichael to Alderley, in southern Alberta, 27 miles. It is believed that a considerable portion of this work will be done by the firm of Janes, Macdonald and Company. Mr. Janes is in the west for the transportation to and from a quantity of supplies for the work. He will also confer with American railway builders, who are identified with him.

Asked with reference to his contract last night, J. W. Hargrave stated that during the past year his firm had 250 teams and 400 m² of work between Portage and Brandon on double track operations. There are still 150,000 yards of earth to move near Sidney on this contract of last season, but much of it is sand, and an early start will be made in it. As soon as the road is completed into Brandon, the concrete work will be moved to the contract east and west of Moose Jaw. The concrete work, as well as the grading, a small part of the work will be sub-let, but most of it will be done by the Hargrave firm with its own force.

The balloon gas originated at Dessau, Germany, has been much improved, and is now claimed to have important advantages in economy and other respects over the illuminating gas from which it is made. By passing through charcoal-packed retorts at a suitable high temperature, the hydrocarbons of the coal gas are split up into hydrogen and carbon. The process is greatly aided by the contact with the great surface presented by the pores of the charcoal. The chemical change gives an increase of 20 per cent. in volume, and the densification of carbon resulting still further diminishes the density of the gas. The actual specific gravity of the Dessau gas is only two to three tenths of that of air, while that of the coal gas is between four and five tenths. The Dessau gas, therefore, has greatly increased lifting power, and its low cost of preparation makes it cheaper than coal gas of the same effect in raising balloons. The new gas contains 80 to 84 per cent. of hydrogen and 5 to 7 per cent. of methane, with no benzene or other hydrocarbons that attack the balloon covering.

The Alpine botanical garden at a height of 7,200 feet on Little St. Bernard Mountain was originally suggested by Abbe Chanoux, rector of the hospice on the mountain-pass, and has been developing nearly 20 years. It contains more than 2,000 species of plants, and represents the mountain flora of the Alps and other European ranges, the Himalayas, Japan and America. It has been surrounded by a retaining wall of more than 2,000 feet. The various necessary soil conditions have been reproduced, and there are earth and sand terraces, lakets, marshes, ericetes, caves, and other special features.

HAREM SKIRT IN TORONTO
Caused a Sensation and Blocked Street
Railway Traffic.

Toronto, Mar. 14.—The Harem skirt "has come," has been seen, but it has not exactly conquered Toronto. The wearer thereof appeared on Yonge street to-day in a real live harem skirt, one of the latest freak creations from Paris modistes. Soon a crowd collected about the pioneer, and she not only had difficulty in walking, but it caused a severe block of the traffic on busy Yonge street. There was no violence, however, and the young lady soon disappeared in a taxi.

NAVIGATION OF
UPPER FRASER

New Westminster Marine Runs His Steamer To Teke Jauno Cache.

New Westminster, March 15.—To Captain J. H. Bonser, who makes his headquarters in this city, belongs the honor of being the first master to take a steamer from Port George on the south bank of the Fraser beyond Grant Canyon to Teke Jaun Cache.

This statement is interesting in view of the fact that the Winnipeg capitalists who recently acquired the assets of the Port George Lumber and Navigation company, have decided to place a steamer service on the Fraser this summer between Port George and the Cache. The trip will be no experiment, as Captain Bonser has long ago as long ago taken the steamer Port Fraser through the canyon to the Cache, encountering no difficulties beyond those to be met with in navigating unknown waters of the character of the Fraser. On that trip the steamer carried 10 tons of supplies and 18 passengers. The year before last the steamer Chilo made the trip through the canyon, but did not go as far as the Cache. From Grant Canyon to the Cache is a distance of about 200 miles.

Captain Bonser, who was in charge of the fleet of the Port George Lumber & Navigation company last summer, will pilot the steamer this summer for the Prince Rupert & Skeena River Transportation company, but will keep the back with his old company next year.

ANOTHER BLOODLESS
DUEL IN FRANCE

Paris, Mar. 15. The duel that everybody has been expecting to take place between Prince Galitzin and M. Claude Casimir-Perier has not come off. The last named, it will be remembered, is the husband of Madame Simone (ex-Le Haroy), and was mixed up a short time ago with one of those unsavory post-necklace affairs.

It appears that 10 days ago M. Claude Casimir-Perier expressed a desire to be put up for the Gerle Hotel, the well known fencing club of the Due Decazes is president. M. Casimir-Perier asked the prince to be one of his sponsors. Prince Galitzin, in reply advised M. Casimir-Perier to wait until the recent "necklace case" had become a little more of a thing of the past. This advice was not followed, and M. Casimir-Perier found two sponsors in the persons of M. Rene de Knyff (of Panhard motor fame), and M. Raymond Wook, the painter. It was then that M. Casimir-Perier wrote a letter which Prince Mare Galitzin deemed insulting, and which caused him to send his seconds, Comte Ferri de Luliro and M. Willy de Brest-Gana to M. Casimir-Perier. The four seconds met and decided that there was no need for a combat, as the prince had in no way wished to insult M. Casimir-Perier. So all concerned are happy and contented.

PECULIAR STUNTS
OF A DENVER YOUTH

Performed Salome Dance in Backyard Wearing Only a Pleasant Smile.

Denver, March 15.—Magistrate Cornelius Gavin to-day sentenced William Jennings Blinks to 90 days in jail when the testimony showed that Blinks had done the following:
Danced a Salome in his back yard in the day time clad only in a pleasant smile.
Stinked five pounds of sugar on the floor of a saloon.
Wrote on the apron and several passages from the scripture and the bathing averages of the major leagues.
When Blinks calmly informed the court that he was 28 years old and had been married 22 years, his honor concluded to sentence him and later to inquire into his sanity.

WOODMEN MEET IN COLUMBIA

Columbia, S.C., March 15. Delegates representing 25,000 members of the Woodmen of the World in South Carolina assembled in Columbia to-day for the annual-state convention of the order. The business of the convention, which is mostly of a routine character, will keep the delegates busy over tomorrow. The presiding officer at the convention is Head Counsel Robert Lide, of Orangeburg.

AMBASSADOR REID'S SON WEDS

Racine, Wis., Mar. 15.—A small but distinguished company of guests attended the wedding here to-day of Miss Helen Miles Rogers, daughter of Mrs. Benjamin Talbot Rogers, and Owen Mills Reid, of New York, son of Mr. Whitelaw Reid, American Ambassador to England, and Mrs. Reid. The ceremony took place in the chapel of Racine College, Canon B. Talbot Rogers, of Fond du Lac, an uncle of the bride, officiating. The bride and ushers were former classmates of the bridegroom at Yale.

MOTOR BOAT RACES
AT PALM BEACH

Palm Beach, Fla., March 15.—The seventh annual regatta of the Palm Beach Motor Boat Association began on Lake Worth to-day under conditions that give promise of the most successful event of the kind ever held under the auspices of the association. Eighteen of the sweetest motor boats in the country are entered for various contests, which will extend over a period of four days.

Yawning in fishes is the curious discovery announced by Richard Emhurst, British biologist. The mouth opens wide and the interior cavity slowly expands, the still arches are created, and this is followed by a rapid expiration—through the mouth and gill slits—of the indrawn water. The movement is quite different from that of removing a bit of scum from the eye. The peculiar action has been watched in plaice, cod, saithe and other fishes, and is believed to have the flushing of the brain with blood during a period of sluggishness, which is the physiological purpose of the yawning. Slight increase of water temperature and lessening of oxygen P. A. Stuart Co., 150 Stuart Building, seem to promote yawning.

PUT AN EXTRA
STOMACH TO WORK

Stuart's Dyspepsia Tablets Will do the Work of Two or Three Stomachs. Affords Instant Relief.

FREE TRIAL PACKAGE

When your food does not digest when gases form, when you experience that uncomfortable feeling of fullness, when the breath is foul, the tongue coated, and that sour taste is in the mouth—take a Stuart's Dyspepsia Tablet and watch how quickly every one of these symptoms disappear. All that was needed was to digest that lump of food in your stomach,—and the glands, whose duty it was to supply the gastric juices, had simply given out from overwork. So when you took that little tablet you were supplying exactly what was necessary to complete the process of digestion that the stomach, had begun but was unable to finish.

If you would continue to take a Stuart's Dyspepsia Tablet after each meal for awhile, your stomach would have a chance to rest up and get well and strong again.

Try just one box and you will never want to be without this wonderful little remedy for stomach troubles. Stuart's Dyspepsia Tablets contain an ingredient, one grain of which will digest 3,000 grains of food. They are so entirely harmless because they have absolutely no effect on the system one way or another except to do just the one thing—digest food.

40,000 physicians use and recommend this National Remedy. Every drug store everywhere sells and recommends Stuart's Dyspepsia Tablets. The price is 50 cents per box. A sample will be sent free if you will write temperature and lessening of oxygen P. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

Readers of The Capital are requested to favor the management by reporting any irregularities in delivery.

ONE REASON WHY
THE CORPORATIONS
ARE UNPOPULAR

One of the strange anomalies of the world of work is seen in Edmonton in the construction of the high level bridge.

With millions upon millions piling up in its treasury which it must spend to keep the control of its affairs out of the hands of the government, the Canadian Pacific in the employment of a few men to work in a dangerous and trying place in the construction of the foundations for the piers, cuts the wages to a point below the standard paid by the city or any other construction company or contractor in the city or vicinity.

The amount of money which the company could save by this cut in wages is comparatively insignificant, and by making the cut the company gets below the city fair-wage scale, notwithstanding that the company is under contract, acting as agent for the city, in the construction of the bridge—or as much of it at least as belongs to the city.

Railroad officials are prone to express astonishment that public opinion seems to be always against the corporation. Instances of niggardliness such as the present case in Edmonton show the reason why.

RAILROADS
DO NOT EXPECT
A BACKSET

When the reciprocity agreement first came up for discussion it was announced by the opponents thereof that the railways of the country, which had been constructed on east and west lines, would be practically driven into bankruptcy by reciprocity or compelled to build their roads all over again on north and south lines.

In contradiction to this idea, however, it will be noted that the programme of construction and betterment on all Canadian roads was never greater than it is going to be during the coming summer.

If the managers of Canadian railroads believed, as Sir William Van Horne and others claim to believe, that the reciprocity agreement is going to prove disastrous they would not proceed at once, as the C. P. R. is doing, to make arrangements in the face of the agreement to spend millions in improving their system and extending their branches.

It is clearly evident from the development planned by the big railways, that not only do the managers not expect a back-set to their interests, but that on the contrary they look forward to a greater and much more rapid growth than ever in the business which will come to their lines.

NO CROSS BENCHES
IN PARLIAMENT
AT OTTAWA

There is one distinguishing feature in which the Canadian house of commons is different from the British house, and that is in the respect that there are no cross benches for independent members who do not support the government, but are still not in accord with the ideas and policies of the opposition.

With Clifford Sifton declaring himself no longer a Liberal and with such men as Monk and Maclean no longer in accord with the Conservative party, it commences to look as though the time had almost arrived in Canada when a third party was within the range of possibility.

Without undertaking to in any respect agree with the theories advanced by these men and by such men as Bourassa and German, it must be admitted that the Canadian system which ties a member within the confines of one or the other of the two parties and leaves him no room for activity outside of either is not the system which is likely to accomplish most for the general good of Canada. The establishment of a sort of parliamentary no-man's-land where the free lances could find a domicile and from which they could attack freely both government and opposition alike would at least have the recommendation that there would be little left unsaid which absolute freedom of speech would permit of.

JUST PARAGRAPHS

An office on Jasper avenue is getting to be about the same kind of a luxury as a seat on the stock exchange in New York.

Mr. Bouillon's idea is that there should be peace and harmony in the ranks of the city employees, if he has to get it with a club.

Mr. Bouillon will be flattered to learn that it takes just as large calibre lawyers to get him out of the city hall as it took to put the rollers under the Alberta & Great Waterways.

If United States is really going to annex Mexico the attorney-general's department of Ontario will, probably not be too insistent about the life of that illustrious Canadian, Dr. Beattie Nesbitt.

Mackenzie and Mann have offered to sell out to the city of Winnipeg for \$14,612,622. The interrogation for Winnipeg now is, how much of this fourteen is franchise which the company acquired for nothing, and how much is capital which the company borrowed on the strength of the city's prosperity.

UNIVERSITY CITY DECIDES TO
CELEBRATE ON FIRST OF JULY

EXCELLENT PROGRAM OF SPORTS WILL BE HELD AT
AGRICULTURAL PARK—CITY COUNCIL AUTHORIZES
GRANT OF \$3,000 TO THE BOARD OF TRADE

Strathcona, March 18.—With nothing but favorable comment, the council last night endorsed unanimously a motion of Ald. Tipton's, that the city take steps immediately for the holding of a big celebration in Strathcona on July first next. Ald. Tipton broached the subject rather informally while the fathers were in the midst of reports, and spoke very effectively on the merits of the proposed celebration. He recounted how this date prior to last year has been for years the undisputed festive day for the Edmonton Exhibition Association, and how the 24th of May has been monopolized by Fort Saskatchewan, all of which left Strathcona without a chance to run off a big celebration on a holiday. He referred, however, to the great success which attended the efforts at celebrating of the Strathcona Exhibition Association on last Dominion day, and he wanted the sanction of the council to inform the general public that this date will again be observed in this city this year. Ald. Vogel seconded his motion and the motion was carried with a few remarks in favor of the proposed celebration.

The purchase of the agricultural park by the city this winter makes it impossible for the exhibition association to carry out the sports along the lines of last summer, but the action of the council shows that there will be no difficulty in the way of another big event.

Mayor Was In Calgary.
In the absence of Mayor Davies who was in Calgary, attending to business matters in connection with the new government post office contract, Ald. Rankin occupied the chair. The other members of the council in town were on hand, and the business was gone through with despatch.

E. G. Hopkins, architect of Edmonton, wrote informing council that the plans he prepared for the proposed municipal hospital in 1909 were still in his possession, and he asked that any architectural work in connection with the building to be erected this year be given him. Upon motion of Ald. Vogel, the letter was laid on the table.

The Brackman-Ker company wrote requesting action on an offer for the supply of boulevard grass seed made by them to the city at a previous meeting.

A petition for a plank walk on 3rd avenue north in the east end, with a boulevard, was turned over to the

public works.

\$20,000 Grant Is Ratified.
The question of a \$20,000 grant to the board of trade was finally disposed of without any more fireworks. Ald. Pollard, for the finance committee, rose when reports were called, and briefly announced that he recommended the ratification of the appropriation to the board, and the report was adopted without further comment.

The promised report of the hospital committee did not materialize, and upon the matter, Ald. Vogel could only report adversely.

At the request of Ald. Tipton, the council granted the Strathcona Horticultural society the privilege of using the fair grounds for display and judging of decorated vehicles, which is an contest proposed in connection with the society's annual exhibition.

Will Only Insure Intake Men.
The only substance of argument of the evening arose out of Ald. Hatfield's suggestion that the workmen on the water and sewer construction be insured as a safeguard against the compensation act. He cited the case of the men working in dangerous places in the installing of the new intake pipe at the power house. Ald. Calder said he had no objection to insuring the workmen engaged on the intake construction, but he felt it would be establishing a useless and dangerous precedent to insure all men employed by the city on water and sewer construction. Ald. Loughlin and Pollard were of a like opinion. Ald. Tipton thought all the men employed by the city in any kind of hazardous work should be insured as a safeguard to the city. Ald. Hatfield did not object, however, to his motion being changed to provide insurance merely for the men engaged on the intake and the motion so amended passed without opposition.

Concessions for Withnawal.
Mr. Palmer, of the Sandeman-Cope Co., appeared as a deputation for a Mr. Snider, owner of Richmond park, reminding council of an alleged agreement between Mr. Snider and the city whereby the corporation last year was to cut out and grade streets in the subdivision in return for the withdrawal of an appeal against assessment made by the owner on his 1910 assessment. Mr. Palmer said so far the agreement has not been carried out by the city. He was not able to

produce the agreement, owing to its being in the possession of his client's solicitor, who was out of town.

Ald. Calder denied that the 1910 council made such a promise to Mr. Snider. Matter was referred to public works committee.

Ald. Loughlin reported the purchase of sufficient property in Block 34 for the opening of a lane, demanded by some of the land owners.

(Continued on Page Five.)

PREMIER SIFTON GIVES NO SATISFACTION TO BOARD.
(Continued from page one)

the council of the board of trade for further action.

W. H. Clarke was one member, however, who broke out in speech. He said he did not think that the letter should be allowed to pass without protest. His view of the matter was that the premier was simply turning the board aside from the question, a question that was of great interest to Edmonton.

A lengthy discussion had been expected on the question, but the premier's letter left little to say. Members of the board interested in the north country, arriving late at the meeting, were surprised to hear that there had been no discussion on the question.

What action will now be taken in the matter he left little to say. The telegram sent to Premier Sifton by the secretary of the board, to Ottawa and the letter sent by the premier in reply:

To Hon. A. L. Sifton, per Hon. Clifford Sifton, Ottawa.

"Reported in press that Canadian Northern railway branch line company applying for power to build line north-west from Prince Albert into Athabasca country. If such line is built, the line from Edmonton, Alberta will derive no benefit from development of that portion of our own territory, and entire trade arising from that development will be diverted into Saskatchewan. Am instructed to urge you to use every effort to promote construction of line which will enable all Alberta to benefit by development of Athabasca country."

"NA-DRU-CO" Headache Wafers

Give quick relief, and we guarantee they contain nothing harmful to the heart or nervous system. 25¢ a box, 40¢ a dozen. National Drug and Chemical Co. of Canada, Limited, Montreal, P.Q.

Your letter of February 17th, enclosing copy of your telegram, has been received.

As you will probably remember, I discussed this matter before with the representatives of the board of trade, and fully expressed my views with regard to the matter.

The development of the country referred to in your letter has and will continue to receive the very fullest consideration and assistance of the government.

ARTHUR L. SIFTON.

CIVIC POWER PROBLEM MAY
BE SETTLED NEXT MONDAY.

(Continued from Page One.)

Debentures will be placed in the credit of the association, but all cheques issued on the same must be signed by the association secretary and countersigned by the city engineer. The city auditor will check over all expenditures. On all works and contracts the city's fair wage clause will be enforced.

Desire to Enter City.
The petition of residents of southeast quarter of Sec. 15 in Tp. 53, R. 24, desiring annexation to the city, was agreed to by the council, and will be taken up at next meeting.

The petition of residents of southeast quarter of Sec. 15 in Tp. 53, R. 24, desiring annexation to the city, was agreed to by the council, and will be taken up at next meeting.

In addition to the grant of \$500 to the Beaulieu Mission, which was agreed upon last week, the institution will be given free water and light. Ald. Hatfield spoke briefly in commendation of the work of the mission.

The Standard Coal Co., whose lease will shortly expire, asked a renewal. The lease will expire in April. The matter was held over for consideration.

The interior and exterior electric light wiring by-law being ready for consideration by the legislation committee, Supr. R. W. Gray wrote the council to this effect. The matter will be taken up immediately.

A protest against the new dog by-law was received from Mrs. Skinner. The letter was filed.

Mr. Gray threatened to take immediate proceedings against the city unless his claim for damages to his property on Namayo ave. was settled. The matter was referred to the public works committee and the engineer.

The Hercules Rotary Engine

The Invention that Will Revolutionize
the Science of Steam Engineering

ON EXHIBITION TODAY

Anyone who is interested may see the Model and have a talk with the Inventor at

McMANUS BROS.

114 Jasper Ave. W.
Edmonton

A Small Allotment of Treasury Stock will be placed in Edmonton at par. The time to get in is when this invention is in its infancy. Come in and see it.

ST. PATRICK'S DAY CONCERT.

The following is the programme to be given under the auspices of the Irish association at the St. Patrick's Day concert in the Separate school hall, next Friday evening at eight o'clock:

Pianoforte solo, Come back to Erin. Miss Burdick.
Kube Song. Kathleen Moynihan. Croust.
Mr. P. McGregor.
Double quartette, Off in the Sully. Night. Moore.
Miss Candy, Heatherington, Johnson and Snyder.
Messrs. Wiles, Clarke, Foster and McMahon.
Song. Winter. O'Rourke.

Miss Lansdown.
Song, Believe Me if all those Endearing Young Charms. Moore.
Mr. H. G. Turner.
Male quartette, Father O'Flynn. Messrs. T. P. O'Reilly, H. G. Turner, V. Barford, T. H. Griffiths.
Pianoforte solo, Selected. Miss Ardley.
Song, Selected. W. F. Lansdown.
Male quartette, Irish Selection. Messrs. O'Reilly, Turner, Barford, and Griffiths.
Song, Eileen Ahanah. Balfour.
McChristie.
Song, The Old Green Isle. Malone.
Miss Lansdown.
Double Quartette, Cruikshank Lawn. Moore.
Misses Candy, Heatherington, Johnson, and Snyder.
Messrs. Wiles, Clarke, Foster and McMahon.
Song, The Musical Boy. Moore.
Mr. H. G. Turner.
Instrumental solo, Irish Selections. Mr. W. J. Tompkins.

WETASKIN INVENTOR IS DEMONSTRATING HIS

(Continued from page one)

arrangement which uses impact and expansion at the same time.

It is claimed for the Hercules engine that it will save 25 per cent. in the fuel cost alone, together with a large economy of space, that it will reverse with the same facility that the most successful reciprocating engine changes its stroke, that having no packing to bur up it will run longer without a stop than any reciprocating engine, and that it is the simplest engine in operation in the world.

As a great deal has been heard of the Hercules engine, owing to the fact that it is a Wetaskin invention, and also to the fact that many Edmonton people are already interested in the company holding the patents, the inventor is having a busy time today showing his invention. He will be in the city until the end of the week, when he intends to take the model east to show it in some of the big machinery centres of the Eastern States and Canada.

UNIVERSITY CITY DECIDES TO CELEBRATE ON FIRST OF JULY.

(Continued from Page Four)

for some time. The property will cost \$375.

Ald. Calder begged leave of council to defer his motion on hospital construction for some time, with the understanding that a report from the committee will shortly be made.

Accounts totalling \$1,119.63 were ordered paid.

Ald. Pollard reported progress on requested grants to Children's Aid society and to Salvation Army.

After council adjourned, Ald. Rankin suggested that the date of the completion of the Mill creek viaduct be made an occasion for celebration and that some sort of an entertainment be provided for citizens, farmers and mountians. This proposal was received with favor.

Tenders for the supply of water and sewer pipe and concrete for the city's work this year were on hand, but owing to the absence of the mayor, were held over until the special meeting next Thursday, when the contract for the supply of the new power house machinery will likely be awarded.

Strathcona Locals.

Friday, as St. Patrick's Day, will be observed by the members of St. Anthony's church in this city with a big social in the Separate school hall, under the auspices of the Ladies Aid of the church. A first-class program has been prepared, which should afford a well rendered entertainment.

Amongst those contributing to the program will be Mrs. Vint, Miss Dowia, Miss Cahill, Miss Fitzgerald and a number of students from the Edmonton convent. Father Carragher, of LeDuc, will probably be amongst those present and is expected to give an address. No admission is to be charged, but a collection will be taken.

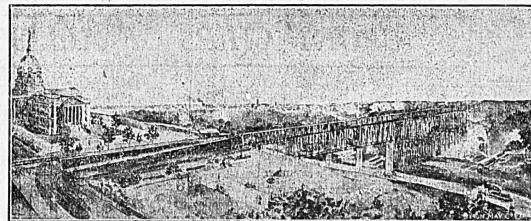

Announcement is made here this week of the marriage in Vancouver of last Wednesday of Mr. J. Delong, of this city, to Miss M. A. Trimble, of Vancouver. The wedding was solemnized at the home of the bride's parents by Rev. Lashley Hall. Mr. and Mrs. Delong will make their home in Strathcona.

Miss M. E. Curtiss, who was a resident of Strathcona some ten years ago, is visiting in the city at the home of Mrs. E. F. Skinner. Miss Curtiss is a trained nurse and may decide to locate in this city for the practice of her profession.

A very pretty wedding took place yesterday afternoon at the home of Mr. and Mrs. N. H. Sutherland, on White avenue west, where their daughter Josephine was united in matrimony to Mr. Geo. Davidson, of this city. Rev. Miller of Knox church performed the marriage service, and a large number of intimate friends of the popular young couple were present. Mr. and Mrs. Davidson left on the afternoon train for a brief honeymoon trip in the south.

Parkdale Sub-division OF STRATHCONA

WILL BE WITHIN TWENTY MINUTES OF JASPER AVENUE before you can get YOUR HOUSE BUILT.

THE High Level Bridge is being rushed forward with all the speed that the science of modern engineering will permit. When the Bridge is completed and the cars, running by the short route, residential property in Strathcona will be quite as valuable as property an equal distance from the centre on the Edmonton side; whereas at the present time Parkdale Property can be purchased at one-quarter

LOTS \$200 AND UP ONE QUARTER CASH

SPORTS

THE SILVER SEVEN HAD NO LUSTRE

DEACONS TOYED WITH BOYS FROM TOFIELD AND WON BY TWELVE GOALS TO GOOSE EGGS

As the con man would say in going against a gold brick victim: "It was a shame to take the money."

It required a little minutes of play to cause hockey enthusiasts and followers of the Deacons to feel assured of victory, and but two minutes more to arouse speculation as to what the extent of the slaughter would be. Tofield never had a look-in. It was the clinchiest cinch imaginable and Deacon White's Pats won by twelve to nil. Seven of the net-smashers were recorded in the first. In the second half, it took ten minutes to get the first goal, and after that it was a matter of seconds. Talk about playing ring-around-a-rose! Why, those Silver Seven fellows know like nicker-palms!

Merely Observations. Goalkeeper Allan is unique among hockey players. He plays a cool game, does not believe in excitement of any kind and will not even think of removing his collar. He is first in his uniform and first out of the dressing room.

And this Tofield team is the aggression which defeated the T.C.N. boys by 16-0. The Edmonton boys must have been railroaded.

While the checking was hard, and it was anything but child's play, the game was clean. In the first half, Dea was the only man sent to the fence, and in the second half, two penalties were imposed.

What the game lacked in brilliant hockey, it made up in laughable features. Shep, who acted as judge of play, being the comedian of the evening. The only time Shep was in the thick of the fray, he got tangled up in one of the player's sticks and went head-on.

While Tofield could not play combination, the Deacons might have had the boys found they had such a cinch they thought it was a good opportunity to indulge in individual work. They got away with most of it.

Charlesworth was really the star of the Tofield aggregation. His good work in the nets was the only thing that prevented the score being such that the recording would have ceased only when the Deacons would have become exhausted.

Gordon Banford played a rattling fast game and much of the credit for the high score rightfully belongs to him. With that other star, Allan, goal keeper, the same might have been evenly contested had Manager Anne Young withdrawn the other five Deacons.

McFARLAND BEATS MORAN.

New York, March 15.—In a clean, hard battle, in which both men displayed guile and cleverness, Packey McFarland had the better of Owen Moran in their ten-round bout last night.

DEACONS vs. VARSITY

Quite a large delegation will accompany the Deacons to Strathcona to-night for the game with Varsity. On their own ice, the boys of the Sister City are certain to fight hard and stand to the last and a struggle worth seeing is expected.

Manager Anne Young, of the Deacons, announced this morning that he expected to have the same boys on the ice to-night as those which participated in the earthquake last night.

Asks Big Sum

TOMMY BURNS DEMANDS \$50,200 FOR INJURIES RECEIVED IN A WRECK

(Special to The Capital.) Seattle, Mar. 15.—For injuries to his knee that he says have greatly diminished his earning capacity of more than \$25,000 a year, Noah Burns, known pseudonymously as Tommy Burns, has filed suit against the Puget Sound Electric company in the superior court for \$50,200.

Burns was hurt December 13 when an interurban car in which he was coming from Tacoma to Seattle collided with another at Parrow station. Burns says his right arm, right leg and knee and shoulders and back were severely weakened and bruised. The Electric company in the superior court for \$50,200.

Plans for the big show to be given at the Exhibition in August were discussed at length.

One of the important actions taken last night was the discussion and adoption of a statement, setting forth

the intent of the by-law for the regulation of dogs in this city. Here is the complete statement:

"Like many other new measures, the city dog by-law seems to be as yet imperfectly understood by many owners of dogs. The by-law was prepared by dog owners for the protection of dogs, dog owners and the general public.

It is not intended to compel the owners of dogs to keep their animals chained up, or confined, but no dog, be it the property of a rich man or a poor man, should become a nuisance.

"The streets of Edmonton are filled with worthless curs and other dogs neglected by their owners. They commit nuisances, snarl and fight on the public sidewalks and are generally obnoxious. The new by-law does not prevent any owner from taking his dog down town or anywhere else, or from letting the animal have the freedom of his home grounds, but it does not

contemplate that the mere purchase of a dog tag should give the owner of the dog the right to permit his animal to become a public nuisance. A dog that was a nuisance before the by-law was passed will still be a nuisance, tag or no tag, and a dog that was not a nuisance before the passage of the by-law is not made a nuisance by its enactment.

"The owner who thinks enough of his dog to look after him and see that the animal does not impose upon the public has nothing to complain of in the provisions of the law. The owner who permits his dog to roam all over town and become obnoxious cannot purchase immunity in the form of a tag.

"The intent of the by-law is to protect the dog and his owner, but the owner must assume responsibility for his animal. The dog that is not worth looking after is not worth keeping; and the breeding of good dogs and the encouragement of good dogs to do away with troublesome mongrels. The by-law imposes no hardship upon the owners of dogs who think enough of their animals to prevent them from being a public offense."

At the regular meeting of the Edmonton Golf Club at the Board of Trade rooms it was decided to become associated with the Canadian Society.

These officers were chosen:

President—J. J. Bell.

Vice-president—F. B. Somerville.

Secretary—J. M. Bow.

Committee—Messrs. E. C. Pardee, Dr. Corbett, H. O. Granger, J. M. Hunter, and A. P. Chait.

TO MEET JOHNNY COULON

Johnny Coulon, bantamweight champion, and Harry Forbes, former bantam champion, will box in Kenosha, Wis., March 25. The contest is scheduled for 10 rounds. Agreement on weight is the only remaining feature yet to be decided on.

Coulon wants to weigh in at 115 pounds three hours before the bout, and Forbes wants the weight fixed at 115 at 3 o'clock.

ed that she had contracted a vicious cold. Her friend, who wore a peek-a-boo waist like lace curtains said she was in perfect health.

Report from Paris is that the latest fad is the cane that drinks. Fine excuse for these Edmontonians who wobble home in the morning.

Basketball and hockey have been pronounced too rough for students at Yale College. Our advice is that for something harmless, they might take up ping-pong or billiards.

Tommy Burns is now fighting for the biggest purse of his career in his suit for \$50,200 against a Seattle street car concern. It might be that he will find that corporation possessed of a Jack Johnson punch.

In one month, a caterpillar will eat six thousand times its own weight. All same with ball players when they are guests of the magnates. They make up in summer what they lost in winter.

An alternating current of electricity plunges back and forth through the filament in an incandescent lamp 120 times a second. Almost as many times as Rob McDaniel across the street to the telegraph office trying to land ball players for the Yale team in the Hotel League.

It is said that the working power of an able-bodied man is about one-tenth that of a horse. Hereafter, it will be proper to refer to Deacon White as a "tenth of a horse for work."

No, Marjorie, there is no truth in the report that Mr. A. V. Bouillon has decided to make application for a berth as an umpire in the Western Canada League. Talk about Napoleon's retreat from Moscow! would not be in it with

KENNEL CLUBS TO GIVE SHOW IN MAY 20TH

IT WILL BE FOR MEMBERS OF EDMONTON BODY BUT WILL EXCITE A KEEN SPORTSMANLIKE RIVALRY AND BRING OUT SWELL DISPLAY—MANY NEW MEMBERS ARE TAKEN IN—INTENT OF NEW BYLAW IS FULLY EXPLAINED IN OFFICIAL STATEMENT ISSUED AT MEETING LAST NIGHT—PLANS FOR SHOW AT EXHIBITION DISCUSSED.

A Members' Show of the Edmonton Kennel Club will be held in this city on May 20th. This was decided at the meeting of the club last night at the offices of the Exhibition Association. The matter was fully discussed and enthusiastic assurance received that all of the finest animals in the city would be placed on show.

As an indication of the popularity already acquired by the club, seven new members were received last night. Mayor G. S. Armstrong headed the list, the others being W. J. Ashern, F. C. Mahan, H. J. Dawson, James H. Powell, W. G. Talbot and Debois Thibodeau.

Plans for the big show to be given at the Exhibition in August were discussed at length. One of the important actions taken last night was the discussion and adoption of a statement, setting forth

the intent of the by-law for the regulation of dogs in this city. Here is the complete statement:

"Like many other new measures, the city dog by-law seems to be as yet imperfectly understood by many owners of dogs. The by-law was prepared by dog owners for the protection of dogs, dog owners and the general public. It is not intended to compel the owners of dogs to keep their animals chained up, or confined, but no dog, be it the property of a rich man or a poor man, should become a nuisance.

"The streets of Edmonton are filled with worthless curs and other dogs neglected by their owners. They commit nuisances, snarl and fight on the public sidewalks and are generally obnoxious. The new by-law does not prevent any owner from taking his dog down town or anywhere else, or from letting the animal have the freedom of his home grounds, but it does not

contemplate that the mere purchase of a dog tag should give the owner of the dog the right to permit his animal to become a public nuisance. A dog that was a nuisance before the by-law was passed will still be a nuisance, tag or no tag, and a dog that was not a nuisance before the passage of the by-law is not made a nuisance by its enactment.

"The owner who thinks enough of his dog to look after him and see that the animal does not impose upon the public has nothing to complain of in the provisions of the law. The owner who permits his dog to roam all over town and become obnoxious cannot purchase immunity in the form of a tag.

"The intent of the by-law is to protect the dog and his owner, but the owner must assume responsibility for his animal. The dog that is not worth looking after is not worth keeping; and the breeding of good dogs and the encouragement of good dogs to do away with troublesome mongrels. The by-law imposes no hardship upon the owners of dogs who think enough of their animals to prevent them from being a public offense."

At the regular meeting of the Edmonton Golf Club at the Board of Trade rooms it was decided to become associated with the Canadian Society.

These officers were chosen:

President—J. J. Bell.

Vice-president—F. B. Somerville.

Secretary—J. M. Bow.

Committee—Messrs. E. C. Pardee, Dr. Corbett, H. O. Granger, J. M. Hunter, and A. P. Chait.

GRANITE RINK RESULTS.

Last night's results were:

McCauley 9; Venner 13.

Dewar 10; Freeze 5.

Dunlop 11; Lancaster 9.

Scott 10; Freeze 7.

Dunlop 8; McCauley 12.

McCauley 8; Lancaster 9.

Draw for To-night.

Holt Cecil Trophy—

Dewar vs. May.

Haskell vs. Dunlop.

Tegler vs. Goode.

SPORTS

CALGARY WANTS A CUP.

Calgary hockey is becoming affected with that contagious affection, the symptoms of which first come to the head and known by some as Cupitis. Others call it Swelledhead.

Ans Young received word yesterday that unless a cup was put up for competition, the Calgary Tigers would not come here for games tomorrow and Friday nights. Ans, dear, but how these lows have risen!

The games are in doubt.

Others call it Swelledhead.

REAL ESTATE BULLETIN

The demand today for business purposes has been for Jasper Avenue, centre and west, and First Street, centre and north.

For residential property, Inglewood has been much sold, with some Glenora, and sales pending in latter and Groat Estate, in the west end; while in the east end, Delton and Norwood were in request.

House seekers are now beginning to realize the correctness of our late statement in this column, that it would be necessary to purchase, as no houses were offering for rental, and are beginning to enquire as to prices and terms.

We have a very full list and are pleased to answer any enquiries from the city or outside. Call and see us or write.

ALBERTA PARK

For this Suburb see Special Ads. of our Selling Agents, Messrs. Smith and Blakeney.

Today's Offerings Business Properties

A 50-foot lot on Jasper Avenue west \$10,000
On easy terms.
25 feet on First Street, adjoining St. James Hotel \$16,000
A corner lot on Kirkness Avenue, Norwood, with good store building, 24x40 feet. (House and lot adjoining can be purchased. See below) \$2700
On easy terms.
N.B.—Above is in a good position for a first-class grocery and meat market. See us about it.

Residential Properties

A seven-roomed modern house on Kirkness street (adjoining store listed above) \$2700
A seven-roomed modern house on 13th street, south of Jasper Avenue, with soft water cistern and stable \$4500
An eight-roomed house on 12th street, south of Jasper Avenue, with water and sewer \$4000
On easy terms.
An eight-room brick bungalow, fully modern, on Victoria Avenue \$6500
A two-story modern brick house on Victoria Avenue \$6500

Oil Stocks

There seems to be no change in American-Canadian from the lower price recently reported, and Albertas are slightly weaker. No movement.

Scrap

Demand for S.A. Scrap is becoming more general, and as quantity available is diminishing daily, present prices cannot long be maintained. Buy soon if you require any. We have a little Half-breed Scrap still left.

Money

Should you require a loan on City or Farm Property, see us about it.

NEWS OF THE CITY

Mrs. Charles Roy has moved from Suite 38 Arlington to 553 Seventh St.

Mrs. Martin Russell will receive on Thursday, March 16th, at her home, 517 Eighteenth street, Mrs. Bulvey will receive at Government House tomorrow afternoon from four to six.

Mrs. Allen, 168, Twelfth street, will not receive on Wednesday nor again this season.

The regular monthly meeting of the Women's Home Auxiliary will be held in the First Presbyterian church at 3 o'clock on Wednesday. All the members and others interested are cordially invited to be present.

Miss Wetherald and Miss Smith will be the readers at the Y. M. C. A. concert in McLaughlin church on March 21st. Miss Smith, who is most happy in her interpretation of French-Canadian life, will read some selections from Gilbert Parker.

William P. Miller, of Calgary, and Miss Miller, of Toronto, and East Womans, were united in marriage last Wednesday at the home of the bride's parents, Rev. Ducloux officiating. The bride is Miss Miller, of the groom is engaged in the real estate business.

Messrs. Frost, Violette, Engineer Neville, and E. T. Bishop met the city commissioners yesterday for the purpose of informing them that Mr. Violette was prepared to supply the city with power from the Athabasca river at a price cheaper or as cheap as the city can get for itself. Mr. Violette was asked to submit his proposition.

Andrew Macgregor, the man who jumped from the G. N. R. train near Ranfurly last Saturday morning arrived up at the immigration hall, none the worse of his experience. The thirteen hundred dollars that had been left with the Mounted Police and turned over to the Immigration Department was waiting intact for him. He will leave with his family in the course of a few days for Edmonton where a son is living.

George H. Pope, right of way and claims agent for the G. T. P., arrived in town from Winnipeg last evening, and in the next few days will arrange for the transfer of the last few lots of the Hagmann Estate which have been the subject of arbitration between the Grand Trunk and the owners for some time. Mr. Pope will next visit Camrose as Calgary to make further purchases for the railway in those places.

The W.E.M.S. auxiliary of First Presbyterian church, having received another parcel of the crocheted fancy work from the mission exhibition at Hamilton, India, will hold an exhibition and sale on Thursday afternoon from three to six o'clock at the residence of Mrs. Fred Ross, 253 Victoria Avenue. All ladies interested in dainty laces and linens are invited to attend.

The model of the Hercules rotary engine built in Wataskin two years ago and operated there, which produced fine results was brought to Edmonton yesterday and is on exhibition in the office of McNamee Bros., 115 Jasper Avenue west. With the exception of a few slight changes in the valves and blades of the engine, the new engine being set up at Wataskin is similar to the model.

Judgment was reserved by Mr. Justice Smith in the case of McNamee Lumber company vs. Goldsmith, in the supreme court yesterday. The action was for the payment of \$2,000 for lumber supplied the defendant, a contractor on buildings at the exhibition grounds, by the plaintiff company.

The St. Albert Realty office is the newest bidder for real estate business. Mr. M. Hogan and Mr. B. Broadbent, two well-known business men of St. Albert, are the active members of the company, and have their offices at St. Albert where they control considerable desirable town property Edmonton property and conduct a general business. Mr. Hogan is in charge and farm lands. They will also handle of the St. Albert office, which opens for business tomorrow.

Ray Sherman, charged before Magistrate Cowan in the police court this morning, with "procuring" was sent up for trial by the police magistrate at the conclusion of a long hearing behind closed doors. Rose, who was the other man arrested recently in connection with the alleged case of white slavery, was fined \$10 and costs on a charge of vagrancy. Sherman will be tried on a similar charge in the police court this afternoon. He will come up for trial on the more serious offence of the district court before Judge Taylor, or in the supreme court, according as he decides to undergo speedy trial, or to face the criminal justices of the supreme court next month.

FURT RESOLUTION INDIANS DID NOT NEED RELIEF

Trapping Has Been Good and They Are Well and Happy

Indians at Fort Resolution this winter have required very little government relief, according to a letter received in the city this morning from Dr. Jas. Rymer, government physician located at the far northern point. Dr. Rymer states that the Indians are in very good condition this spring. The health among the tribes has been good, and the trapping has also been good. Furs will be plentiful this year.

LOSS OF CATTLE LIGHT

Hon. A. J. McLean, provincial secretary, returned from the south last evening, after visiting his ranch at Taber. Hon. Mr. McLean states that the loss of cattle in the south will not be as heavy as the reports have indicated. In his several thousand head he has not lost a hoof during the winter.

EDMONTON BOARD OF TRADE LEAVES ASSOCIATION: Practically Withdrew Years Ago When No Delegates Were Sent to Convention

Voting upon a motion of ex-president J. A. Macgregor of the Edmonton board of trade, that organization yesterday decided to withdraw from membership of the association of boards of trade of Western Canada. This is the culmination of the dissatisfaction which has existed for over a year in the Edmonton board with the conduct of the associated board's officials. The Edmonton organization practically withdrew from the association two years ago when they refused to send delegates to the annual convention.

The dissatisfaction arose early last year, over the dilatoriness of the associated board's secretary in not handling promptly the resolutions passed at the previous year's convention. Many of these resolutions were from the Edmonton board, and the board was anxious to know what action had been taken on them. This was not discovered for many months after the convention had been held.

The members of the Edmonton board now feel that they are entitled to leave the membership in the associated boards, and that with the central Alberta movement organization, what share funds they have should be devoted to that movement.

Y.M.C.A. BUILDING FUND.

Stinson, \$2000 dwelling on lot 6, block 14, Kennedy street, Norwood.

NEW SUB-DIVISION TO BE PLACED ON THE MARKET.

The Sterling Securities, Limited, report considerable activity in Strathcona property, and as an evidence of this, they have recently placed on the market a sub-division property, have invested in sub-division property, and have purchased from Mr. A. E. Latimer the sub-division known as Victoria Park, adjoining the city of Strathcona on the South. This property has the advantage of good level roads, no ravines to cross, and every foot of the land high and dry. The latest survey of the Calgary-Camrose branch of the C.N.R. passes through Victoria Park.

The Sterling Securities purpose resurveying into building lots, and for market gardening, and hope to have it ready for the market about April 1st.

With the completion of the High Level bridge, the joining of the two cities, and the increase of population market gardening operations will greatly increase.

THE WEATHER.

Winnipeg, March 15.—A very cold wave is passing over Saskatchewan and Manitoba. Minimum temperatures registered several degrees below zero last night. Farther west the weather has been moderately cold. Forecast:—Manitoba and Saskatchewan—Fine and cold, Thursday—Fair, rising temperature. Alberta—Fair and milder.

LAND OFFICIALS VERY BUSY THIS WEEK.

Many Applications for Homesteads, Timber Permits, Etc., Being Received Daily.

Nearly three hundred applicants for homesteads, timber permits, and other permits of a various nature, were handled at the counters of the local land office this morning. Many of these filed on homesteads. This is an indication of the opening of the spring rush, and from now on the clerks in the land office may expect a big rush every day. This morning was one of the biggest days. The number of permits were large. Two hundred settlers from the old country will reach the city on Monday night, having left Toronto yesterday. They will take up land in the Edmonton district.

TWO MORE SPECIALS

Two special prizes have been offered to the Edmonton Exhibition Association by the Steele Briggs Seed Co. One of the prizes includes a first of \$10, a second of \$7 and a third of \$5 for the collection of vegetables grown from Steele Briggs seed, and another includes similar cash prizes for the best exhibit of seedlings of twelve named varieties grown from the seed supplied by the company.

NAMAYO AVENUE REALTY IS MOVING STEADILY

Namayo avenue real estate agents report that property on that avenue is rapidly advancing in price, and that some very big deals are being put through. Business men and investors are beginning to turn their attention to that street.

Within the past ten days or two weeks, the firm of Ducey and Co. have put through deals aggregating in value of \$50,000. They have several other large deals now pending. This is an indication of the way in which Namayo avenue property is advancing.

PHOSPHONOL

(The Electric Restorer)

MAKES WEAK MEN STRONG

PHOSPHONOL restores every nerve in the body to its normal tension. Nerves that have been dormant for years will vibrate "once more with vigor." Two boxes of PHOSPHONOL have been known to make weak men feel as they did at eighteen.

Weakness is converted into strength where PHOSPHONOL is used; premature decay is impossible; sexual weakness is converted into strong manhood, both physically and mentally. PHOSPHONOL is a new remedy, regardless of your condition or age.

PHOSPHONOL is a new remedy, prepared upon purely scientific principles, by expert chemists. It produces results.

PHOSPHONOL promptly dispels all forms of nerve weakness, such as lack of control, twitching of nerves and muscles, despondency, mental worry, fits, indigestion, weak heart and impoverished blood.

Price: \$2.00 a box, or two boxes for \$3.50. We will mail this to any address under separate cover on receipt of price. THE PHOSPHONOL DRUG CO., St. Catharines, Ont., Adams Drug store, special agents.

TENDERS FOR PLASTERING MATERIAL AND BRICK.

Separate sealed tenders, addressed to J. and A. Macgregor, Limited, Public Works, Edmonton, registered and endorsed, "Tenders for Plastering Material and Bricks for the City of Edmonton," will be received up to 12 o'clock noon, Saturday, March 25, 1911, for the supply and delivery of—
(a) Plastering Material.
(b) Brick.

required in connection with the new Parliament Buildings, Edmonton. Specifications, forms of tender and full particulars may be had at the Engineer's office, Department of Public Works, Edmonton.

Each tender must be accompanied by a marked cheque made payable to the Minister of Public Works for the amount as set forth in the Minister of Public Works for the amount as set forth in the respective specifications.

The cheques of unsuccessful bidders will be returned within six days after contracts are awarded, and the cheques of the successful bidders will be retained until the contracts are completed.

The right is reserved to reject any or all bids or to waive any defects. JOHN STOKES, Deputy Minister of Public Works, dated at Edmonton, This 14 day of March, 1911.

The Evangelical service in the First Baptist church last night was largely attended and of deep interest. A special service will be held to-morrow at 8 o'clock. A cordial welcome to all.
